THE CLOTH EAR DRINKS COMPENDIUM

OUR DRINKS

Brace yourselves ladies and gents, because it's time for something a little different! From punch bowls to hoptails and wine by the keg, we've carefully crafted an eclectic array of drinks to quench your thirst, tickle your tastebuds and get the conversation flowing.

BEER STREET & GIN LANE

In 1751 artist William Hogarth depicted the drinking cultures of Britain in his engraving 'Beer Street and Gin Lane'. On prosperous Beer Street it portrayed an industrious city drinking the good beverage – beer. In contrast, Gin Lane showed the effects of a more potent liquor – gin. Here the drinkers were idle, carefree and debauched. In real life, the 1751 Gin Act was introduced to increase the cost of the liquor in an attempt to protect the nation. And thus, taxation on the fun things in life began.

We don't like to judge, so we'll let you choose your own path. Industry or Idleness. Beer or Gin.

OUR WINES

In addition to a number of hand-picked classics, we offer an ever-changing 'house' red and white by glass, carafe and bottle. But there's a twist. Our house wine is poured from, wait for it, a keg! You can find these on our specials list. Controversial? Maybe. Environmentally friendly? We hope so. Interesting? Definitely. We're reviving a tradition that goes back 200 years when barrels were shipped from wine regions and decanted on site for the drinkers. The result? A wine exactly as it was when it left the cellar door with no wasteful bottling procedures or hangover-causing preservatives - but don't blame us if you over-indulge!

Always changing and always interesting.
Wine as the winemaker intended it.

COCKTAILS

CUPS OF PUNCH

Punches are an important part of drinking history, from the Navy grog guzzled by sailors to the extravagant concoctions quaffed by aristocrats. In today's frenzied world we understand that time is fleeting, which is why we swiftly serve our punches in a pewter cup spritzed with soda or by the bowl for sharing, leaving you more time to perfect the gentle art of conversation.

GIN LANE

The following gin serves are 50ml and include a tonic mixer.

In 1730s London, ready availability and low cost led to a 'Gin Craze' among the drinking masses with the average drinker consuming two pints of gin per week! Our latest fascination with gin may not be at that level just yet but, to help you on your way, we've curated a collection of local and international gin serves for you to indulge in.
